change at the residence of Mrs. Cunningham's on Depot street, and will keep on hand flour, meal, shipstuf, etc; to exchange for wheat. They will erect a large building within the next few weeks.

Seconds the Motion.

The leaf correspondent of the Central Record, nominates Judge M. D. Hughes, of Lancaster, for representative. We second the nomination and move that he be elected without opposition. —Stanford Journal.

Good Appointment.

Mr. W. K. Argo, of Danville, has been appointed superintendent of the Colorado Institute for the Deaf, Dumb and Blind. His many Garrard county friends will be glad to hear of his appointment, which is a well merited one.

Pretty Work.

The third degree was given at the K. P. lodge Friday night and the new regalia used. Everyone who has seen the new outfit pronounces it the finest in the land. The first degree will be conferred tomorrow, night, when the new outfit for that degree will be used.

Onstott.

John William Onstott, son of Mr. and Mrs. Isaac Onstott, of Owensboro, aged 19 years, died of la grippe, which had terminated in consumption. Mr. Onstott was a former resident of Lancaster and has deepest sympathy. The remains were brought to Lancaster for interment.

Contrary.

Two men, while toasting their shins by a store stove, were commenting on how contrary a certain Lancaster man was. The first said "He's so contrary that were he a log he would have to be sawed with the grain. A cross-cut could not make an impression." The second opened his head and spoke thus: "He's so contrary that were he to fall in a river and drown, he would float up stream."

Spring Suits.

Hold your orders for suits until you see Wanamaker & Brown's spring samples. They are beauties and more value is put in them, for the price, than ever before. It is the oldest and largest house in the nation, and defies competition in quality and prices. Mr. E. W. Harris will wait on you in my absence.

M. D. HUGHES, Agent.

Accident.

Mr. Horace Bohon, of Hustonville, an expert for the McCormack Harvesting Machine Co., while setting up a machine at Paint Lick, Saturday, had his face severely cut and bruised by the escaping of a spring. Fortunately Dr. Cox, the commercial tourist, was with him at the time of the accident and dressed the wounds, taking four stitches in a gash across his cheek. Mr. Bohon's wounds are very painful, but not necessarily serious, beyond a possible disfigurement.

Thoroughly Equipped.

J. A. Beazley has purchased a beautiful pair of gray horses to work to his hearse, which makes his outfit one of the most complete in Central Kentucky. He is thoroughly versed in embalming, having taken a complete course in that branch of his business. A handsome line of caskets and shrouds are kept constantly in stock, as is also everything necessary in an up-to-date undertaking establishment. His team and hearse have been pronounced one of the handsomest ever seen in a country town.

Property Transferers.

Judge R. A. Burnside has traded his property on Richmond street to Capt. Wm. Herndon for the latter's property on Danville street, Judge Burnside paying a cash difference. Capt. Herndon has bought of P. W. Spencer the latter's property, on Lexington street and will move into it as soon as Mr. and Mrs. Spencer move to New Albany, which will be in a few days. We understand Capt. Herndon is thinking of building on the Spencer lot between the present house and Mr. Geo. Robinson.

"Chief" of Police.

One reading in country papers, and special telegrams to the dailies, about "Chief of Police" so and so making arrests would imagine the town had police forces of one hundred or more men. "Chief" sounds mighty big, but when the "Force" consists of only the "Chief," who is generally in ordinary citizen's dress and carrying a saw-log, it makes you weary. "Chief of Police" Smith arrested two little negro craps shooters, is generally the way it reads. The old-fashioned title, Town Marshal, is decidedly more appropriate.

If your child is cross or peevish, it is no doubt troubled with worms, WHITE'S CREAM VERMIFUGE will remove the worms, and its tonic effect restore its natural cheerfulness. Price, 25 cents.

Companies Indicted.

The grand jury of Mercer returned true bills against every insurance company doing business in the county, charging them with conspiracy. The companies indicted number about thirty; and if each should be fined \$500 as like companies were in Scott county, this will aggregate a considerable sum—\$15,000. The insurance men are loud in their protests against this procedure and claim that it will work great harm to the people, as insurance policies protect many loans, and if these are withdrawn the loans will have to be called in.

Pushing the Work.

Contractor Ryan is not permitting grass to grow under his feet and is pushing work on the hotel. About forty men wield picks and shovels from sun-up to dark, while at least twenty-five two-horse wagons haul away the dirt and debris. In a few days the foundations will have been dug and the large stones will be put in position to receive the brick walls. Mr. Ryan keeps as many hands at work as can conveniently move about the lot. He is kept pretty busy, as he has a big job on his hands and a thousand and one matters to look after. It is interesting to see the rapidity with which the work proceeds.

Leavell.

Mrs. Kitty Leavell, whose death was announced in last issue of THE RECORD, was born in Madison county in the year 1814. She was the daughter of Hon. Jacob Hugely, and was married to Squire T. Leavell. Eight children blessed the union, of whom two survive her, Mrs. Jesse Walden and S. T. Leavell, both of this city. In early life she united with the church and her life was spent in practicing the teachings of the Bible. Her kind words of advice, cheer and comfort will always be remembered by those seeking her counsel. As a neighbor she was always ready to share with those about her and to strive to make their lives happy and cheerful. She always had a kind word for everyone and ever ready to assist anyone in need. In her death the church loses a noble Christian woman. A large congregation assembled in the Christian church to pay the last tribute of respect. Appropriate services were conducted by Elds Jesse and W. P. Walden and R. M. Campbell, after which the remains were interred in the Lancaster Cemetery.

The Small-Pox Scare.

Mr. Ed Walton, of Stanford, was here Monday, and told THE RECORD that Sowders, the victim in that city, was doing as well as could be expected and would recover. He has been kept continually in the pest house and no one allowed to go near. Mr. Walton said there were no new cases in or near Stanford, and no one feared a breaking out of the disease. As to the reports of its prevalence in Lincoln county, he said there was a scare about Deep Well woods, but investigation of a number of the reported cases showed them to be chicken-pox. As extreme precautionary steps have been taken there is absolutely no danger in visiting our neighboring town. The thing to do is to watch out for strangers coming here, especially negroes. The disease is holding full sway in Cincinnati and Louisville, and there are many more cases in these cities than the newspapers report.

Our citizens should be exceedingly watchful in this matter. One case of small-pox, no matter how mild or how quickly it is gotten out of town, would completely paralyze business and kill the spring trade as dead as a door nail. The thing to do is to every fellow keep his eyes skinned and harness up the first person who looks like he even dreamed of having small-pox. A stitch in time saves making an entire clothing store.

Egg Famine.

The scarcity of eggs has become serious. The "fruit" can scarcely be procured at any price. Some say the hens have formed a "trust" and are waiting to get their own figures. A report says H. D. Miller, of Ohio, went to Pittsburg and quietly started in to buy eggs. In a few days he had secured 1,000 cases, or 30,000 dozen, and now has the market cornered. Before going to Pittsburg Miller went out among the poultry farms and found that the hens had been frostbitten during the blizzard. As it takes them several weeks to recuperate, Miller says eggs will be selling at a nickle a piece before Easter. Some years ago Edward Atkinson attempted to arrive at the value of the annual egg crop with the result that he found it more important than either the leaf tobacco, the barley, rye, rice or many other notable products of American farms. Abundant as is the yield of eggs, and low as is the price, he estimated the annual value at \$40,000,000, \$60,000,000, which is more than double the worth of ordinary crops of barley or tobacco and many times the value of rye and buckwheat crops.

SPRING GOODS

We are receiving an elegant line of

See the Grassville Centre Band in parade Friday afternoon, with old Si Stebbens blowing the bass drum, and Caleb, Si's neighbor beating a horn.

Another Railroad.

The Commercial Club now has on foot a plan to get another railroad through Garrard. The idea is to get the Southern to extend its line from Burgin to Middlesboro, thus giving this great system a direct line of its own from Louisville to the south and the sea board. The Southern now owns the old Louisville Southern from Louisville to Burgin. A survey was made several years ago which runs the line through Garrard, Rockcastle, Jackson, Clay, Leslie, Harlan and into Bell. Information, from reliable sources, shows the Southern would like to have a line of this kind and those in position to know what they are talking about say the road will be built if the right of way is GIVEN. The Mercer county people are very enthusiastic and will donate the right of way through Mercer. The Lancaster Commercial Club has gone to work to get the right of way through Garrard, and parties in position to know say the remaining counties will readily do their part. The plan is a plausible one and those pushing the scheme are sanguine of carrying it out.

Back on the Farm.

The Dan Darley's "Back on the Farm" Company was billed for a performance in the Stanford Opera House Friday night, but owing to the small-pox scare it was decided to cancel the engagement. Mr. Walton, owner of the Stanford opera house, telephoned here and arrangements were made to have the company appear in Lancaster tomorrow, Friday night, the proceeds to be divided with the Lancaster band. The troupe will appear in the Court House, and arrangements have been made whereby the show can be given as well here as in a regular opera house.

The troupe consists of twelve people and carries a brass band and full orchestra. The company is now playing return engagements in Kentucky, which goes to prove its popularity. The actors are first-class and the play one of the best on the stage. "Back on the Farm" is a perfect rural comedy, without the usual blood-thirsty villain searching for gore. It is a picture of home life on a farm, with the author, Dan Darley, in the leading role as Si Stebbens.

Admission 50cts; Children 25cts; Reserved seats 75cts, on sale at Stormes' Drug Store.

Thieves Used a Wagon.

RICHMOND, Ky., March 2.—The general merchandise store of J. Wagers, at Wagersville, was broken into by thieves and clothing, hardware and other things, valued at \$500, stolen. The goods were hauled off in a wagon. Entrance was effected by filing a half inch iron bar that fastened a shutter.

Vetoed Two Bills.

CHARLESTON, W. Va., March 2.—Gov. Atkinson Tuesday afternoon vetoed two bills passed by the legislature. One, the labor lien bill, allowed a laborer or employee a lien on material or property for unpaid wages even when held by an innocent purchaser. The other bill killed is express bill taxing annually express companies \$500 for a charter, \$200 on every agent, and two per cent. on the gross earnings.

Killed and Injured in a Cave-In.

COUNCIL BLUFFS, Ia., March 2.—Two men were instantly killed and a third sustained a broken leg and was otherwise injured Tuesday by the caving-in of a bank of earth near where they were working. One of the dead men is J. U. Black, of this city, and the other is Frank Kroner, who had applied and been put to work but a few hours before. The injured man is C. P. Reed, of this city.

Chamberlain's Cough Remedy.
This remedy is intended especially
for coughs, colds, croup, whooping
coughs and influenza. It has become
famous for its cures of these diseases,
over a large part of the civilized world.
The most flattering testimonials have
been received, giving accounts of its
good works; of the aggravating and
persistent coughs it has cured; of severe
colds that have yielded promptly to its
smoothing effects, and of the danger-
ous attacks of croup it has cured often
saving the life of the child. The exten-
sive use of it for whooping cough has
shown that it robs that disease of all
dangerous consequences. It is espe-
cially prized by mothers for their chil-
dren, as is never fails to effect a speedy
cure, and because they have found that
there is not too least danger in giving
it, even to babies, as it contains nothing
injurious. Sold by R. E. McRoberts

W. B. Adams has the best four
horse team in the county. He hauled
the large boiler to Myers' saw mill
from Paint Lick to Back Creek Mon-
day—it will weigh eight or ten thou-
sand pounds. Everybody said the con-
dition of the roads were in it would take
eight horses to pull it.

Deputy U. S. Marshal, W. T. Short,
and family moved to Mt. Vernon,
Wednesday, and will that their home
in the future.

Alvah Adams is going to engage in
the pole cat business. He went out a
few days ago and dug into a den and
found one very fine one—he was at a
loss to know how he could capture it
alive; finally he concluded to pull off
his coat and button it up—he slipped
the cat went, he gathered up his game
and struck for home. He didn't get
bit, but there was a very perceptible
odor left on the coat.

Monday was a fair day and quite a
crowd was in town. There were
some 500 or 600 cattle on the market,
and prices were very good. The bet-
ter quality selling at from 44 to 50c,
and most any kind that sold at all
brought from 4 to 4 1/2 cts. The sale of
mules was not so good, but those that
sold brought fair prices from \$40. to
\$60.

Im C. C. & J. E. Stormes,

Foreign Christian Missionary Society.

Among the most prosperous Missionary organizations of this country is the Foreign Christian Missionary Society of Cincinnati Ohio, an organization of the Christian Church (Disciples of Christ). During the last five years its receipts have been more than double, and last year they reached \$130,925.00. Missions have been planted by the Christian Church in India, China, Japan, Turkey, Africa, Scandinavia and England. One of the most important steps recently taken is the planting of Churches in Cuba. Two missionaries will be sent to Havana soon. A Mission will be planted under the shadow of Morro Castle. This religious body has two hundred and four missionaries in foreign lands, and a number more will be sent out this year.

The annual offering in all the churches of this communion for Foreign missions is the first Sunday in March. We are reminded of the rapid growth of this religious body, in only about seventy five years this people have come to number more than 1,000,000 communicants in this country alone. Last year they made a gain of no less than 50,000 and their war-cry this year is a gain of 100,000. They have more than 10,000 churches and about 9,000 ministers. They are building up a number of splendid educational institutions in different parts of the country. Last year for all Missions they raised more than \$500,000. They are calling for \$1,000,000 this year, and not without hope of success. The Jubilee of this organized missionary work is to be observed in October of this year at Cincinnati, Ohio, where the American Christian Missionary Society was organized for Rome and Foreign Missions in 1849. Alexander Campbell was the first president. Fully 10,000 delegates are expected to attend the Jubilee Convention. The great Music Hall of Cincinnati has already been secured, and other large buildings will be used. No doubt there will be a creditable representation from the Church in this State.

Editor of Central Record:

We feel a little disappointed in not receiving THE RECORD of the 27th, up to this late date when it was due here on the 18th, or 20th, at the furthest. Perhaps Uncle Sam is too busy with the Filipinos to look after the boys here interested with his mails. Whis- per in his ear easy to attend to things at home a little and let A. Quinaldo boss the Malays awhile perhaps he can make a better job of it. We expected to get a true account of the cold in the good old state. We hear from private sources and news papers all sorts of ranges of the thermometer from 22 to 42 below zero on the 13th, inst. How was it? How low did it go? Give us straight goods. On the morning of the 13th, at 2 degrees the thermometer here stood at 70 degrees with down pour of rain. At 7 a. m. it was down to 22 degrees above zero. At 8 a. m. it reached 19 degrees and after that under a steady sun- shine it went up to 33 deg. at about 2 p. m. and then went gradually down to 20 deg. at 7 a. m. on the 14th, and after an hour gradually went up to about 45 during the day and went down no more. Twenty miles West of us it was as low as 7 deg. above zero. Eighty miles North of us it was 2 deg. above and at Miami, one hundred miles or more South East of us on the Atlantic coast; it was 24 deg. above and Tampa, 100 miles South West of us on the Gulf, it was about the same with plenty of snow and sleet. The whole vegetable crop of the state, much of which was being marketed, such as tomatoes, strawberries, pineapples etc. and very much more far on the way to maturity, was killed out right, a total wreck. It is too late to repair most of the losses for this season. The lemon trees are killed, the orange bushes are killed, the orange trees are in doubt, some say they are killed, others say they are hurt and some again say they are slightly hurt and will shed their leaves and still make a crop for this season. Others say they are badly hurt but will come again, by opinion is that they are all very badly hurt and most of them killed, just to what extent will not be fully known until October next. April and May will make some serious developments however. It is hard to crush Florida. She has time yet to make a corn crop, and peas and potatoes in abundance and the lakes are full of fine fish and they seem to be taking pity on the people and will be caught. I know this for certain, because our party went on the lake yesterday afternoon and caught forty-two very nice trout, brian, perch and one jack fish. Of this catch like Dunn mastered fifteen, Mrs. Kate Adams eight, Miss Lula Anderson seven, Tom Adams four and the balance were taken by Mr. and Mrs. Wait. Tom Adams and Ike Dunn are having fine sport hunting quails and doves and with splendid success. All are happy here to be out of the fierce cold, and among the fish, and, and the best fishing season is not on yet.

Ladies present were Misses Hattie McQuerry, Nannie Lawson, Kate and Edna Tankersley, Icy Cook, Maudie Ross, Mrs. Phado Parks and several others. Gentlemen were too numerous to mention. They danced all night, and had a nice time. Bettie Bell sold three calves to Wm. Coldisor, for \$37.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

"I had a severe Cancer which was at first only a few blotches, that I thought would soon pass away. I was treated by several able physicians, but in spite of their efforts the Cancer spread until my condition became alarming. After many months of treatment and growing steadily worse, I decided to try S. S. S., which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little scab dropped off. Ten years have elapsed, and not a sign of the disease has returned."

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

S.S.S. For the Blood

(Swift's Specific) is the only blood remedy guaranteed Purely Vegetable. All others contain potash and mercury, the most dangerous of minerals. Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta, Georgia.

At a Wesleyan meeting in London recently the collection for the Twentieth Century fund amounted to the snug sum of \$350,000.

The Anglo-Chinese college, at Foochow, is the largest Christian college in China. Dr. George B. Smyth became its president in 1883.

A vacant church in Philadelphia which pays its pastor a salary of \$1,200 a year, has the names of a hundred candidates under consideration.

For 15 years Dr. Goucher has been supporting more than a hundred primary village schools in India, at an aggregate cost of more than \$100,000.

The Goucher schools in India have educated pastors, presiding elders, pastor teachers, local preachers and day-school teachers, through whose influence, as the reports of the presiding elder distinctly show, in the 15 years since they began, 27,000 converts have been added to the church.

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZEMA LEWIS, of Danville, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

Wine of Cardui makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain.

Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

Tobacco in England, 1845.

When I was a lad fully half the population of both sexes, rich as well as poor, the bunker equally with the workman, were snufftakers. My first schoolmaster always carried his snuff loose in his waistcoat pocket, and innumerable were his dips into it with two fingers and a thumb in the course of the day, while the big goffered frill which protruded from the bosom of his shirt was always thickly sprinkled with it. We used to notice that he never seemed to relish one of the huge pinches so much as immediately after having administered a sound castigation to some recalcitrant pupil. On the other hand, there was little or no open-air smoking, except in the case of laboring men going to or from their work. In this respect lucifer matches have something to answer for; but for them the practice of outdoor smoking would never have grown to its present proportions.—Chambers' Journal.

OBITUARY.

The death of Mr. Eugene Wood, on Feb. 19, an account of which has been published, cast a shadow over many hearts outside of his happy home. In offering condolence to the bereaved family, I, and many others are also mourning the loss of a true, tried and much cherished friend. He was a member of New Providence church, and died as he approached manhood, being only twenty-eight years of age.

Being the son of the venerable Thos. Wood, and having an estimable mother, he inherited many noble traits of character, by which men were involuntarily drawn close to him. He was genial, affable and intelligent. His high sense of honor would not permit him to defraud his fellowman out of a farthing, and confidence entrusted to him was never betrayed.

He was public spirited and a model type of noble manhood in the social, commercial and public walks of life. In his death I lost a true and devoted friend, and I indulge the fond hope that the separation is only temporary.

M. F. ROUR.

Rev. Powell's Farewell Sermon.

Rev. Chas. E. Powell, after serving the Christian church most acceptably for the past sixteen months, preached his farewell sermon to a good and appreciative audience last night. He prefaced his sermon by remarking that for sixteen months he had done the best he knew how in administering spiritually to his people and trusted it had done good.

His scripture reading was descriptive of Heaven, and this word Heaven was his theme. His language was impressively glowing, eloquent, and melting in its pathos and tenderness. He divided his discourse into three heads: "Heaven," "Where is it?" and "Who go there?" He said if there was a better book than the Bible, and it could be presented to him, and he could believe it was superior to the "book of books," he would accept it, but so far in the world's history no such a book had been presented.

By the Bible he proved beyond cavil there was an imperial city of gold for God's elect, first by Christ himself, then by Paul and John. He characterized the Apostle Paul as the greatest and grandest man that ever trod the earth. He believed Heaven was near us, not beyond the firmament, for astronomy taught the "beyond" ended with the starry setting.

"Who go there?" The pure in heart, the faithful, loving followers of the Lord Jesus Christ and those who kept his commandments. When he spoke of the loved ones that had gone before and those who would follow—"the whole family in Heaven"—it touched many hearts and brought tears to many eyes.

Mr. Powell is a cultured, devoted Christian gentleman, who, by his courteous manners, pleasing address and the deep interest he has always taken in the material things that affect the betterment of our community and our lives, has won our respect, esteem and love, and in his new field of labor, which will be Lancaster, Ky., his best wishes accompany him and his for health and strength that he may continue to eloquently proclaim the saving grace of God's love and Christ's atonement.

PAY FOR A KISS.

Decision of the Kentucky Court of Appeals.—Mrs. Nannie Ezell Awarded \$700 Damages Against Wm. E. Ragsdale.

FRANKFORT, Ky., Feb. 25.—The Kentucky court of appeals set a precedent against "Hobsonizing" in this state by rendering a decision Friday affirming the judgment of the Trigg county district court compelling William E. Ragsdale to pay Mrs. Nannie Ezell, a young married woman, \$700 for a kiss. Mrs. Ezell claimed that the kiss was forcibly taken Ragsdale denied forcibly extracting the kiss, but the Trigg county jury took her word for it and assessed \$700 damages to which the appellate court in its judgment Friday has added a 10 per cent. penalty, making the exact cost of the kiss to Ragsdale \$770, besides court costs and lawyers' fees in two former trials of the case.

BIG FIRE IN LOUISVILLE.

A Very Heavy Loss Threatened in the Business District—The Illinois Central Roundhouse Burned.

LOUISVILLE, Ky., March 1.—The dry goods store of E. B. Nugent, 504 and 506 Fourth avenue, caught fire shortly after 1 o'clock Wednesday morning, and is now burning at a rapid rate. The building and stock are valued at \$150,000. The origin of the fire is unknown. The McDowell store and office building on the north, and that occupied by the Louisville Trading association on the south, are threatened.

At 2:25 a. m. the firemen stated that the fire would be confined to the Nugent building, with a loss of about \$50,000.

The roundhouse of the Illinois Central railroad was totally destroyed by fire at an early hour Tuesday morning. George Upp, foreman of the Illinois Central shops, hurriedly built a fire in a switch engine and got up steam in time to draw a car containing powder away just in time. The loss is about \$75,000.
